Real-Time Communication System Powered by AI for Specially Abled

Problem Statement	I am	I'm trying to	But	Because	Which makes me feel
PS-1	a deaf person	Listen the opponents words with lip movement	some people speak faster I could not listen them	Some other cases, They have the emergency to deliver .	Frustrated and affected mentally with their defects by own.
PS-2	a dumb person	communicate with others using sign language	general people does not know the sign language	it can be understand to difficult. In emergency cases it makes more complicate to reply .	Frustrated and affected mentally with their defects by own.
